Samskaraprayogaratna: an Atharvanic Prayoga on Pre-natal and Infancy Rites (Critically edited, translated and annotated edition)

About the Book

In comparison with the “three canonical Vedas” which have many ritual works, Atharvaveda ?aunaka has only two s?tras, the Kau?ikas?tra and the Vait?nas?tra, and a small number of texts of a commentary type. The Sa?s?raprayogaratna, here edited and translated for the first time, represents an effort of referring to a superior ritual tradition, in the ever quest of the Atharvavedins of creating their own tradition and of making it accepted. In the introduction, passages of the respective rites from the Kau?ikas?tra, D?rila and Ke?ava and the two unpublished paddhatis (?tharva??ya Paddhati and Da?akarm??i) are translated, most of them for the first time.
