

The Reign of Quantity and the Signs of the Times

About the Book

The Reign of Quantity and the Signs of Times has been written by the Author as a continuation to his earlier book 'La Crise du Monde moderne', which translates to 'The Crisis of the Modern World'. The author has expressed his extreme worry about the present situation of the contemporary world. While examining his worry, the author specifically has shown his concern for the Eastern traditional societies as he feels that the Eastern societies are yielding towards Westernization. This book is often considered as René Guénon's masterpiece as an explanation of the modern world from the traditional perspective.
