## The Tao of Islam

### About the Book

The Tao of Islam is a rich and diverse anthology of Islamic teachings on the nature of the relationships between God and the world, the world and the human being, and the human being and God. Focusing on gender symbolism, Sachiko Murata shows that Muslim authors frequently analyze the divine reality and its connections with the cosmic and human domains with a view toward a complementarity or polarity of principles that is analogous to the Chinese idea of yin/yang.
